Hello Groupon Goods Marketplace Merchant,

Groupon Goods Marketplace is committed to providing insights to help you maximize your business and ensure our customers receive the best experience this Holiday season.

Attached is an Excel file with 3 lists of the most popular and sought after items on Groupon that could be candidates for Peak marketing in Item Level Sales (ILS) and emails, if available, within the targeted quantities provided and funded with COOP. The tabs of the file are divided into Consumer Electronics, Sports & Outdoors and Toys, Baby, Gaming & Books. PDF versions are also attached for anyone who has difficulty opening the Excel grids.

Final marketing placement is not guaranteed, subject to change, and will be determined by product competitive positioning, live deal performance, and COOP funding that can be discussed with your respective Buyers.
